Programming Practice: Coding Games

Let's experience computer programming through a game:

Step 1: Click on this link, follow the directions of the game:

<https://blockly-demo.appspot.com/static/apps/maze/index.html>

How did you do? To what level did you succeed?

Step 2: When finished with the game above, here's another game to try:

Hour of Code: Angry Bird: <http://learn.code.org/hoc/1>
